ABOUT THE DEVELOPER

DSR Builders & Developers is a path breaking and passionate real estate company with an extraordinary vision to transform the urban landscape into livable, lovable and enviable eco system which is built to last and futuristic. A Company with a strong foundation rooted into a large real estate group with traditional values of trust , reliability and integrity, set out on a mission to build modern and magnificent living spaces encompassed with world class infrastructure, state of the art technology , Eco Friendly Construction norms and uncompromised quality standards. Competent & Highly experienced team is one of the core strengths of DSR Builders & Developers.

Mr.D.Raghurami Reddy, Managing Director of DSR Builders & Developers is an institution in himself with more than 20 years of rich experience in the field of construction as part of a large real estate group. Mr.D.Raghurami Reddy had embarked on a new journey by formation of a new company in the name of DSR Builders and developers along with highly passionate, specialized and skilled team members. He has a clear vision to beat the clutter by carving out iconic projects which are both a Home dreamer's abode and also an investor paradise. DSR Builders & Developers introduced uber luxury life style apartments in Hyderabad through one of its prestigious project "DSR Reganti". State of the art concepts and techniques are widely implemented in all the projects to optimize water efficiency, energy efficiency etc which contribute to resident health, happiness and well being. The company has exciting and fascinating plans with iconic and pathbreaking projects with international standards lined up for coming years.

DSR is rooted in trust, integrity and reliability, with years of rich experience and customer gratification. Our vision to build a modern skyline for Hyderabad through innovation and style, continues to define us. We envisioned a state-of-the-art lifestyle residence replete with avant-garde features. Today, it is a reality. For DSR, there are still many miles to go. But a great step in this direction is -The First by DSR
